
Title: Pact of Gustavius

Author: Gustavius

We, the Rulers of
the Realms Infernal,
represented by
Nubarus the Grand
Visier of the Realms
Infernal and seconded
by Baazur-Kalach
The Wounder and
Ashfurithuge the
Drinker of Foemen's
Blood from
Fresh-picked Skulls
have this day accepted
this pact of alliance
with Gustavius
Hafkopf, who has
seen the wisdom in
Our ways and given
himself over to the
furtherance of Our
cause, under such
terms as follow:

(Written in
Gustavius' hand)

1.Nubarus, you are
bound to deliver to me
immediately 100,000
gold crowns upon the
completion of this
pact.

2.You are bound
to instruct me in the
arts of Magics to the
Grand Master level.

3.You are to deliver
to me six servants of
good health that I
may do with as I
wish.

4.You are bound to
see that every member
of my bloodline does
my bidding.

In return for these
favours, I do swear to
deliver to your
possession each year

seven mortal souls
having been removed
from their bodies
under extreme agony,
and that among those
there will be both
male and female, an
infant, a youth, an
adult and an elder,
and at least one of
them will be an adept
mage. Furthermore I
do renounce the
virtues and their
teachings. If I fail in
these conditions I
offer you my immortal
soul in forfeit.
